

The 1-Port USB-C Wall Charger with Power Delivery is an ideal solution for charging or powering a mobile device at home, in the office, or on the go. This adapter features a compact design for easy portability and provides a power output of 5V and 3A for device charging.

The compact design of this adapter makes it easy to toss into a suitcase or backpack for charging on the go. The AC prongs fold into the adapter for travel, lessening the likelihood of damage to those prongs.

The 5 volts and 3 amps of power are available for device charging from this adapter when it is plugged into an AC outlet. The power output makes this adapter perfect for charging smartphones and tablets.
